CC - 4	4	100 Nos.
CC - 6	6	100 Nos.
CC - 8	8	100 Nos.
CC - 10	10	100 Nos.
CC - 12	12	100 Nos.
CC - 14	14	100 Nos.
CC - 16	16	100 Nos.
CC - 18	18	100 Nos.
CC - 20	20	100 Nos.
CC - 25	25	100 Nos.

Material: Impact Resistant PP (White).

NOVOFLEX HYGRIP INTERLOCKING CABLE MARKERS

A versatile range of Cable Markers made from high quality plasticised PVC. It's unique design gusset allows easy and quick fitting of marking on wires and cable without the aid of any special applicator or assembly tool. Available in straight cut and chevron cut. The chevron cut (interlocking) markers ensure simple and accurate alignment of legends. These markers have excellent Dielectric and tensile strength plus resistance to moisture, acids, alkalis, gasoline, most oils, alcohol etc.

Standard Colour : White or Yellow body marked black.

Standard Markings : 0 to 9, A, to Z, +, -, /, Blank.

Operating Temperature : -40° C to +85° C.
