

# NOVOFLEX HOOK AND LOOP Reusable Magic Ties

### Features

- Unique design facilitating Quick y & easy application.
- Releasable & reusable up to 400 times.
- Non Abrasive.
- Corrosion free.
- No tools required.
- Superior Quality.
- Standard Colour : Black other colours available on request.
- Packing : 10 pcs / Bags

### Technical Data

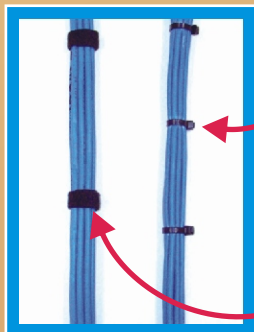

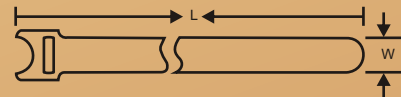

- Operating Temperature -20°C to +85°C
- Material : Nylon
- Sheer Strength : 10.0 N/CM square.
- Peel Strength : > 2.5 N N/CM square.

### Advantages of HOOK AND LOOP Reusable Over Conventional Cable Ties

One major advantages over conventional Nylon Ties is that HOOK AND LOOP Reusable Magic Ties secures the Cables firmly without damaging the Cables. Moreover, it provides flexibility in insertion of additional wires in the bundle at a later stage due to change in planning etc..

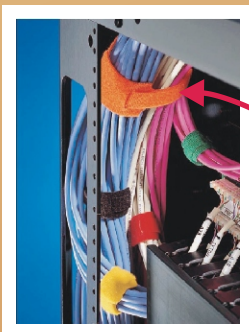

### Application

HOOK AND LOOP Reusable MAGIC Ties are designed for bundling of Fibre optic, Telephone, Data Cable, Computer Networking, Electronic instruments, Home Equipments and Cable Harness.
