

## Rotating Omega Pipe Clip With Cable Tie

Novoflex Rotating Omega Pipe Clip With Cable Tie can be used to bundle and space parallel corrugated tubes/ conduit pipes and wiring harnesses/bunches of cables. Available in various orientations and designs, the rotating feature of the pipe clips allow greater flexibility in installation in tight spaces and sharp corners. The snap-fit design on the clips ensures that the tubes and pipes are snugly fit into the clip and prevent them from slipping out.

**Material:** **UL Listed Nylon 6.6**, Resistant to Fungus, Corrosion, and most mild acids. Can also be manufactured in HSB, HTR, FR materials or customer-specific colours specific to MOQ.

**Flammability Rating:** **UL94 V-2.**

**Standard Colour:** **UV Resistant Black (B).**

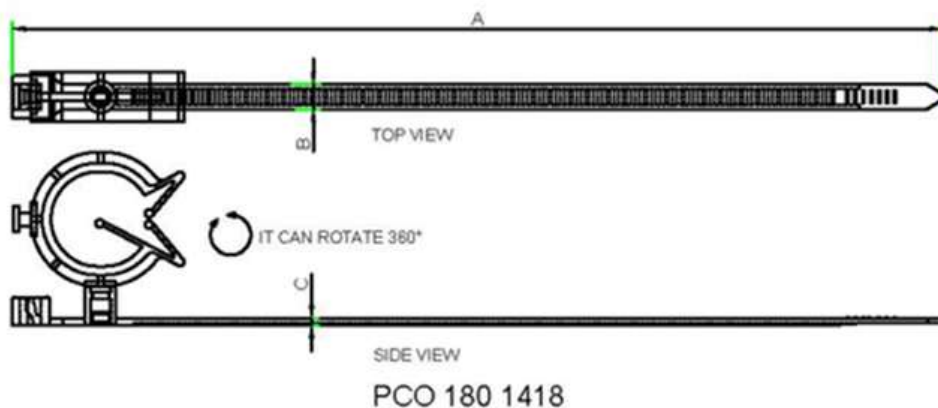

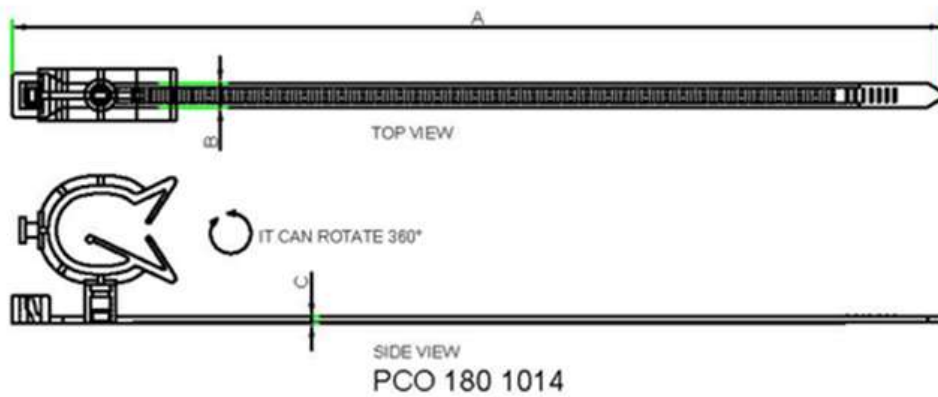

**Operating Temperature:** **-25° C to +85° C.**

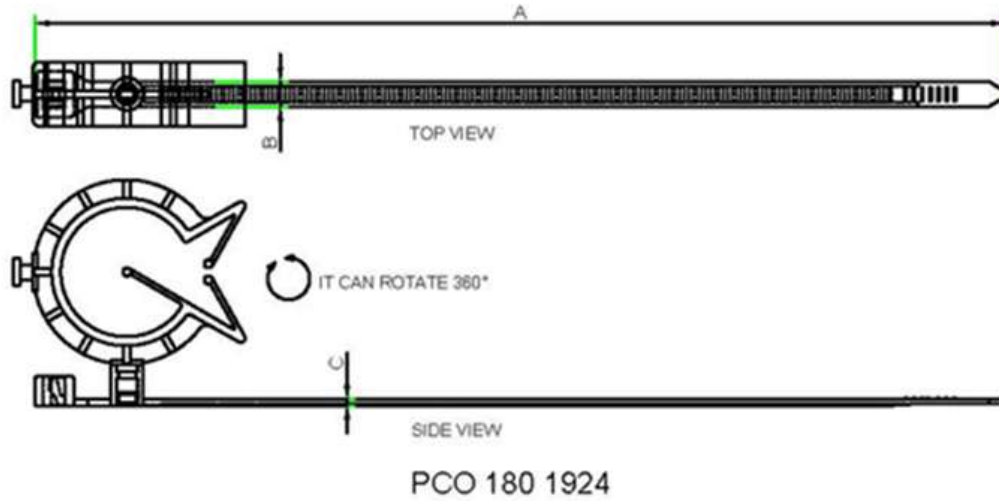

**Halogen Free:** **Yes.**

**Tensile Strength:** **High Tensile Strength** provides a secure locking which will not slip, come off or slacken. Ties must be cut to be removed.

**Storage Conditions:** To be stored in a cool, dark, dry place away from sunlight in a sealed condition.

**Example Applications:** Automobiles, Railways, Aviation, Ship Building, Control Panels and Electronics Manufacturing and many more.
